CORPORATE CAPABILITIES

SMALL COMPANY RESPONSIVENESS WITH BIG BUSINESS EXPERIENCE

The company's leadership and management team has worked together for several years, predating our efforts at **gTANGIBLE**. We formerly worked together at a \$2 Billion Government contractor that provided security and operations support for the Department of Defense, the Intelligence Community, and Civil Agencies within the Federal Government. This combination of big business "know how" and experience combined with the flexibility and responsiveness of a small company delivers exceptional results for our customers.

EXPERIENCE AND FLEXIBILITY

gTANGIBLE brings a significant capability profile to each of its contracts. We have extensive program management and support experience derived from years of senior leadership, management and performance with large government contracting firms and the flexibility, versatility, and responsiveness characteristic of a small business. Our program management methodologies include the implementation of a proven tool set inclusive of SOPs, Continuity Binders, Transition Plans, and status information collection matrices.

DELIVERY AND REPUTATION

gTANGIBLE delivers for our customers and our teammates who count on us for true performance and tangible results. It is in our name and who we are.

STRONG SMALL BUSINESS

gTANGIBLE is a financially strong small business. Our systems and infrastructure operate at a level rarely seen in a small business. We have:

- DCAA reviewed accounting system found to be acceptable for award of prospective contract (Cost+ type), Audit Report No. 6331-2015M17740004
- ISO 9001: 2015 Certified
- Extensive OCONUS Performance (SW Asia, Middle East and Caribbean/Central America)
- License to do business in Islamic Republic of Afghanistan
